

Dr Charles Ware: "Race Relations - The GRACE Dream"

Dr Ware said the dream of getting along with others who may not be like us is only found in Christ. It is the grace of God in us that makes unity and harmony exist among us.

D = Dream

R = Reality

E = Expectations

A = Applications

M = Measurables

1. What does the dream look like in your mind? When you think of a multi-ethnic church, what do you envision?
2. What is the reality? What challenges does a multi-ethnic blended church have with that a mono-ethnic church might not have?
3. Are our expectations realistic? Are they biblical? {Read Ephesians 4:1-6} Do we believe the unity of the Spirit and the bond of peace is a realistic expectation in our church?
4. Are we each willing to apply what we've learned?
